Sona Good morning,

I believe Sept 02, 2015 will work for us, on the same day, I can call Cove School Board meeting. Right now EPA and Navajo Nation are meeting here in our conference room discussing the Gold King Mine spill, News media and Navajo Nation President and EPA are all in the building.

Hi Mr. Roy!

It's now looking like the week of Sept. 14 will not work—could you potentially meet with us some time on Sept. 1 or 2? When would be a good time to call you tomorrow or Wed. to briefly discuss an agenda and other attendees? Don't want to catch you on the road like we did last time!

I know lots of people are concerned about impacts from the Gold King Mine spill. I'm not directly involved with that but many of my colleagues are a part of the emergency response efforts. Hope you're not in an area that was directly impacted by it...

Thanks so much,

Sona

Good afternoon, Mr. Lee!

After speaking with my colleagues about our upcoming travel to Navajo, it's looking like the week of Sept. 14th or Sept. 21st might be a good time to target for a face-to-face discussion about the Cove Day School. Whether it's the week of Sept. 14th or Sept. 21st will depend on when we can fit in the other two meetings we're trying to have during this same trip, which we should be able to pin down either this week or next. Could something the week of Sept. 14th or Sept. 21st work for you?

Thanks so much for working with us to set this up!  
S.
